

MATBOCK

LIGHTER FASTER WARRIORS

**2022 CATALOG**

VETERAN OWNED AND OPERATED

## MISSION STATEMENT

Our mission is to design lighter and more practical equipment for every environment. Our personal experiences involving continued operations in multiple theaters have led to our basic foundation - ounces equal pounds and lighter warriors are faster warriors. We constantly strive to provide our warriors with the most effective and efficient gear possible.

STEP 1. Insert TAB on top of PALS

STEP 2. Bend TAB to insert lower securement to bottom of PALS.

STEP 3. Flatten TAB to secure pouch to PALS

STEP 4. Repeat for all tabs on back of pouch.

## MATBOCK TABS

MATBOCK TABs are the latest innovation to replace conventional MOLLE straps for attachment to PALS. The TABs provide a secure attachment with less weight and are featured on most MATBOCK products.

**OWNING  
THE NIGHT  
JUST GOT  
EASIER**

## TARSIER ECLIPSE™

The Tarsier Eclipse™ is the most advanced night vision goggle (NVG) accessory on the market. Allowing the operator to see objects from 3" to infinity at the same time without loss of clarity, the Tarsier Eclipse™ incorporates a smooth action optical iris that can be adjusted quickly depending on ambient light.

Additionally, the Tarsier Eclipse™ offers a high-quality Corning Glass sacrificial lens that is easily replaced without tools. The sacrificial lens protects your NVG lenses from dust, dirt, and scratches-preventing expensive repairs and downtime.

## KIT | TARSIER ECLIPSE

## SACRIFICIAL LENS

**MB-TE-001**

Thousands of Night Vision Goggle (NVG) lenses become scratched during combat operations, causing loss of equipment and expensive repairs. The sacrificial lens on the Tarsier Eclipse is made from high strength Corning Glass and will prevent unnecessary repairs and losses in equipment. No tools are required for replacement of the sacrificial lens. Simply pop out the old lens with your fingers and insert the new one.

## CLEANING KIT

**490014**

The Tarsier Eclipse cleaning kits Includes a Sacrificial Lens, lube, and 2 x cleaning brushes. Inside the cleaning kit there are detailed instructions on cleaning your Tarsier Eclipse.

**LIGHTWEIGHT AND  
DURABLE GEAR FOR  
ANY CONDITION.**

**GRAVEROBBER  
ASSAULT MEDIC  
MB-GRAM-MC**

**NSN: 6545-01-691-8890**

Designed for initial medical care in the field, the kit comes with 3 pouches mounted to the removable skeleton frame, shoulder straps, a multifunction panel and a flip-down drug card panel. The pack can also be mounted to any external frame system.

**GRAVEROBBER ASSAULT MEDIC KIT**  
**MB-GRAM-MC/BK**

Designed for initial medical care in the field, the kit comes with 3 pouches mounted to the removable skeleton frame, shoulder straps, a multifunction panel and a flip-down drug card panel. The pack can also be mounted to any external frame system.

**GRAVEROBBER ASSAULT MEDIC INSERT W/  
POUCHES AND SHOULDER STRAPS**  
**MB-GRAMIP-MC/BK**

A skeleton med-pouch designed to be removed from the GRAM if needed. It has padded shoulder straps or can be clipped to your carrier. This custom panel offers versatility in a multiple casualty situation by having the ability to split your medical gear into two packs. Includes 3 of the Grave Robber Assault Pouches.

**GRAVEROBBER ASSAULT MEDIC POUCH**  
**MB-GRAMP-MC/BK**

Designed as a part of the Graverobber Assault Medic Bag attaches to the skeleton of the medical insert frame. This bag has a standard zipper closure, but also a magnetic closure to quickly open and close your bag during medical emergencies.

### **GRAVEROBBER SUSTAINMENT KIT WITH FRAME**

**MB-GRSF-MC/BK**

The Graverobber Sustainment Kit is a joint CRO Medical and MATBOCK project to bring a prolonged field care pack to the operational medic. It features the Sustainment bag, 4 sustainment pouches, 4 sustainment panels, and the Grave Robber Drug Box.

### **GRAVEROBBER SUSTAINMENT DRUG BOX**

**MB-GRSDB-MC/BK**

The Graverobber Drug box is hardened and padded for storage for up to 10 small and medium sized drug vials for operational use. It is designed to mount in the top of the sustainment bag for easy access of drugs. The bottom of the box is lined with hook Velcro for easy mounting into any system.

Dimensions: 8.25" L x 3" W x 1.5" H

### **GRAVEROBBER SUSTAINMENT POUCH**

**MB-GRSP-MC/BK**

The multi-purpose pouch features multiple options for storing equipment. The pouch is lined with hook Velcro on the back and sized perfectly for the sustainment bag. Clear front material allows for visibility of pouch contents.

Dimensions: 12" L x 5" W x 3.5" H

### **GRAVEROBBER SUSTAINMENT PANEL**

**MB-GRSPA-MC/BK**

The multi-purpose panel features laser cut ghost material backed with carbon fiber for rigidity. Four sets of bungee and multiple laser cuts allow the operator the ability to mount equipment needed quickly without having to open a pouch. The back is lined with hook Velcro for mounting and sized perfectly for the sustainment bag.

Dimensions: 12" L x 4.5" W

### **GRAVEROBBER TECHNICAL MOUNTAIN RUCK WITH FRAME**

**MB-GRTMF-MC/BK**

The Technical Mountain Ruck is a combination of the Graverobber Assault Medic (GRAM) kit and the Grave Robber Sustainment Kit. The GRAM zips to the outside of the sustainment bag to give the medic everything that they may need for both assault and prolonged medical operations.

\*Does not include poles and straps\*

# GRAVEROBBER KILAGRAM KIT

## GRAVEROBBER KILAGRAM KIT MB-KILA-MC/BK

The Graverobber Kilagram Kit provides a full scope of essential storage to address all your medical needs in the field. The bag is kitted with the GRAM pouch and an extra flat pouch to hold a blood storage container. The pack can be worn with the provided backpack straps or attached to any external frame system.

## GRAVEROBBER KILAGRAM FLAT POUCH MB-KILAFP-MC/BK

The Graverobber Kilagram Flat Pouch packs down small and light when not in use. It has MOLLE straps on the backside for attachment into the KILAGRAM or any other pack. It has wide opening for accessing a blood storage container or any medical gear.

## GRAVEROBBER KILAGRAM TECH RUCK MB-GRTM-KILA-MC/BK

The Kilagram Tech Ruck is a combination of the Kilagram Kit and the Graverobber Sustainment Kit. The GRAM zips to the outside of the sustainment bag to give the medic everything that they may need for both assault and prolonged medical operations.

\*Does not include poles and straps\*

**GRAVEROBBER SURGICAL FULL KIT**  
**MB-GRKF-MC/BK**

Lightweight ruck designed to carry surgical medical equipment for expeditionary and operational professionals. Available both with and without frame.

- The kit includes:
- Ventilation Pouch
  - Drug Roll
  - IV Pouch
  - Multifunction Pouch

**GRAVEROBBER SURGICAL DRUG ROLL**  
**MB-GRDR-MC/BK**

The drug roll features 5 small pouches on the sides and 1 large main pouch in the middle. The large main pouch has organizational system integrated for different sizes of medications. The back of the bag is lined with hook Velcro to attach to the inside of a medical pack. The front of the bag has elastic loops for sharps and sharps containers.

**GRAVEROBBER SURGICAL IV POUCH**  
**MB-GRIV-MC/BK**

Designed to hold a 500ml IV bag, tubing and other accessories needed for field IV use, the pouch keeps everything neatly organized and can be hung by the strap for instant use.

**GRAVEROBBER SURGICAL VENTILATOR POUCH**  
**MB-GRVENT-MC**

Graverobber Vent Pouch from MATBOCK is designed to hold and provide a workspace for the SAVe and SAVe 2 ventilator. The pouch holds the ventilator on the front flap of the pouch which folds down via Velcro and cord. This configuration allows access to all ports and buttons. The back of the pouch is lined with hook Velcro for attachment into a medical pack.

**GRAVEROBBER SURGICAL MULTIFUNCTION POUCH**  
**MB-GRMFP-MC/BK**

The multifunction pouch is a an attachment for use with the Graverobber Medical Pack. Designed for durability in rough climates, the pouches can hold all the essentials you need in a life saving situation. With almost limitless possibilities, you can have multiple pouches attached to your Graverobber kit.

### **GRAVEROBBER HIPSTER**

#### **MB-GRHIP-MC/BK**

The Graverobber Hipster provides plenty of space for all medical kit. It has a moveable spacer panel to organize your medical equipment as needed. Mounted on a belt, it has MOLLE on the outside for tourniquet placement and a fully accessible lid that won't fight you when you need gear.

### **GRAVEROBBER MED PANEL KIT**

#### **MB-GRMPKIT-MC/BK**

The Graverobber Med Panel is a large folding med panel that can be separated into two pieces and was designed to hang in vehicles. It consists of six small pouches, two medium pouches and two large pouches for optimal organization of medical gear. All pouches feature our clear Ghost front panels for quick and easy inventory of supplies.

### **GRAVEROBBER MICRO MED BAG**

#### **MB-GRMICRO-MC/BK**

The Graverobber Micro is the smallest bag in the Graverobber series. It has Velcro on the outside to be able to be attached to the back of a car seat or a larger bag. Once opened, the bag expands offering multiple pockets made with our clear Ghost Lite for easy inventory and sight of medical supplies. It also has a removeable fold down pouch allowing the user to hand off supplies.

# LIFT SYSTEMS

Originally developed in 2012, the LIFT (Lightweight Integrated Field Transport) system continues to be the standard in innovative medical transport gear. All litters in the LIFT series are easily deployable, highly functional and the lightest on the market.

## S-LIFT

### AMTC-C1207-FG

At 6.5 feet long, the stretcher is long enough to accommodate all operators and has a maximum carrying capacity of 400 lbs for both the operator and his/her gear. The stretcher has 5 handles per side to give each team a multitude of configurations for carrying a downed man. When paired with the Combat Carbon Poles (sold separately), you have the lightest semi-rigid expedient medical litter/stretcher available.

S-Lift without poles 14 oz  
S-Lift with poles 3.5 lbs

## J-LIFT

### K13320-OD

The Jungle LIFT (J-LIFT) is made from Ultra High-Density Polyethylene. This material will not absorb water, biological or chemical hazards and can handle decontamination without degradation to its strength and abrasion resistance. Additionally, the stretcher is constructed with Kevlar stitching, ensuring the stitching won't absorb those hazards. The litter can also double as a hammock. Weight: 12 oz w/ carrier

## R-LIFT

### AMTC-K1272-OD

The R-LIFT is a fully rigid litter that deploys in seconds. It boasts a maximum load carrying capacity of 400 lbs. The litter is constructed from Ultra High-Density Polyethylene, offering extremely high abrasion resistance and strength. It has the inability to absorb blood, pathogens, chemical or biological hazards. The R-LIFT is constructed entirely with Kevlar webbing and thread to prevent corrosion and allow full decontamination.

Weight: 6lbs w/o pack  
6.5lbs w/ pack

## R-LIFT BACKCOUNTRY

R1207-OR

The R-LIFT Backcountry is a fully rigid litter that deploys in seconds. It boasts a maximum load carrying capacity of 400 lbs. The litter is constructed from Ultra High-Density Polyethylene, offering extremely high abrasion resistance and strength. It has the inability to absorb blood, pathogens, chemical or biological hazards. The backcountry is constructed with orange Ghost material for higher visibility, and with Kevlar webbing and thread to prevent corrosion and allow full decontamination.

Weight: 5.5lbs w/o pack  
6lbs w/ pack

## COBRA DRAG AND HOIST SLED

MB-COBRA

The Cobra Sled is the lightest and most compact hoistable evacuation stretcher on the market. It utilizes our Ghost Heavy material allowing easy decontamination, increased strength and increased durability. Not only can it be dragged, it also has carrying handles to be carried or to be used with our combat carbon fiber poles. The cobra sled includes all straps to be hoisted horizontally and vertically, or any angle in between.

Weight: 8lbs

# COBRA DRAG & HOIST SLED

MB-COBRA  
NSN: 3920-01-694-6803

The COBRA drag, carry and hoist sled is the lightest and smallest hoistable evacuation stretcher on the market today. It is easy to assemble and includes the following features:

**Total Weight:** 8 lbs  
**Carrying Capacity:** 600 lbs  
**Decontamination Ready:** Ultra High Molecular Weight Polyethylene Material, Kevlar Stitching, Kevlar Webbing.

All straps integrated, included and configured for both vertical and horizontal lift.

## LIFT LADDER

490050

The LIFT Ladder is a set of rungs designed to be used in conjunction with the combat carbon poles to create a 7.5 ft fully rigid ladder. Made from kevlar and spectra cord, it is designed to resist saltwater and sun corrosion. Once assembled with the poles It has a 400 pound carrying capacity for both scaling and bridging operations. The lift ladder can be removed quickly during a medical emergency to use the poles for any of our stretchers in the LIFT System. The LIFT ladder folds up compactly and can be stored in its own carrying case when not in use. (Carrying Case and poles sold separately)

Weight: 2.3lbs w/o poles  
4.9lbs w/ poles

## COMBAT CARBON POLES

800990

These collapsible combat carbon poles are easily integrated with MATBOCK's LIFT system. Weighing just 1.3 lbs a piece, having a max carrying capacity of 400 lbs, and are designed to collapse small enough to be worn on the back of any plate carrier or inside a pack. These poles shed weight without compromising capability for transporting casualties.

# PLATE CARRIERS

MATBOCK plate carriers are designed to solve critical issues for operators in the field. Using our Ghost material, these carriers are tough, extremely lightweight, heat transferring, and do not absorb water.

**REAPER HUNT**

**BERSERKER V3**

**RHODESIAN**

### **BERSERKER V3 NEW 2022\***

**MB-BSKRV3-SAPI-(MC/BK)/(S/M/L/XL)**  
**MB-BSKRV3-SWIM-(MC/BK)/(S/M/L/XL)**

The Berserker carrier weighs only 14 oz and includes dual comms pouches, side armor plate pockets, and shoulder pads with a reinforced drag handle. Also sold with this carrier is a 3 mag insert and a zipper insert for the kangaroo pouch. 4-way stretch material around the front and back armor pockets allows for a variety of plate cuts including swimmer and ESAPI.

**COLORS: MC/BK**  
**NSN: 8470-01-686-0378**

### **SHIFT PLATE CARRIER NEW 2022\***

**MB-SHIFT-(MC/BK)/(S/M/L)**

The Shift plate carrier is a variant of the Berserker that can accommodate taller plates from Velocity Systems.

**COLORS: MC/BK**

### **RHODESIAN**

**MB-RD-MC/BK**

Simple and lightweight, the MATBOCK Berserker Rhodesian vest offers incredible weight savings and will not absorb water. This carrier offers dual radio pouches and heat transferring capabilities to keep the operator cooler. This Rhodesian offers three different heights for the front panel, accommodating a variety of pouches or to be as minimalist as possible.

**COLORS: MC/BK**

## REAPER HUNT CARRIER

**H1091-MC**

The one-size-fits-all design and easy manipulation of adjustable straps make it the perfect fit no matter how many layers you need to keep you warm on your hunt. Padded shoulder straps ensure for a comfortable carry of all your hunting requirements and the low profile design prevents any interference from your bow or rifle. Choose from an array of pouches to mount seamlessly with our patent pending TABS.

Weight - 6.8 oz

**COLORS: MC**

## REAPER HUNT KIT

**K1356-MC**

Designed for the hunting enthusiast in partnership with the late renowned hunter Ron Bellam from the hit TV series *Survive the Hunt by Reaper Outdoors*, this kit includes the following: Rhodesian style chest rig; main hunt pouch with integrated hand warmer; large multi-purpose pouch; small multi-purpose pouch; shear pouch; Thermacell pouch and dip can pouch.

Total Weight: 1.6 lbs

**COLORS: MC**

## REAPER HUNT MAIN POUCH

**V1174-MC**

The Main Hunt Pouch is the centerpiece of the Reaper Hunt Kit. It contains a large central pouch with a zipper and silent toggle closure to hold your calls, extra ammunition, snacks, gloves and just about anything else you might need for your hunt. Additionally, the pouch has a waterproof hand warmer feature that is a true game changer, keeping your hands warm in the worst conditions. The hand warmer can be zipped shut and stowed to ensure it's ready when you need it.

Weight: 11.4 oz

**COLORS: MC**

## LARGE MULTIPURPOSE POUCH

**P1537-MC/BK**

Made from Ghost Light material, this extremely useful pouch is large enough to stuff your puffy layer into, ensuring it stays dry for when you need it. It also contains elastic strapping to help keep smaller items organized within the pouch. It mounts easily to the carrier via the MATBOCK TABS.

Size: 9.2" L x 7" W x 2.5" D  
Weight: 3 oz

**NSN: 8465-01-686-0376**

## SMALL MULTIPURPOSE POUCH

**P1535-MC/BK**

Made from MATBOCK Ghost Light material, this extremely useful pouch is perfect for a set of binos and some gloves. It mounts easily to the carrier via the MATBOCK TABS.

Size: 6" L x 6.25" W x 2.25" D  
Weight: 1.8 oz

**NSN: 8465-01-686-0375**

## SHEAR POUCH

**P1534-MC**

Designed to carry pruning shears to help you set up your blind during the hunt. The pouch is made of our Ghost Light material. It contains an internal protective cover to go over the sharp point of the shears, as well as an easy-grab single pull strap that brings your shears halfway out of the pouch for quick removal. Attaches to the Reaper Hunting Carrier via the MATBOCK TABS on the back.

Size: 9" L x 2.25" W x 1.5" D  
Weight: 1.2 oz

## DIP POUCH

**P1536-MC**

Need some help passing the time in the deer stand? The Dip Can Pouch has you covered. Designed to fit one can of dip perfectly, it has a zipper closure to keep the can safe and a toggle closure for when you need to stay quiet.

Size: 2.875" L x 2.875" W x 1" D  
Weight: 0.6 oz

## THERMACELL POUCH

**P1533-MC**

Designed to fit your Thermacell Mosquito Repellent, this extremely lightweight pouch ensures the most important part of your gear, besides your rifle, is right where you need it for the hunt.

Size: 8.75" L x 3" W x 2" D  
Weight: 0.8 oz

# POUCHES

MATBOCK single and dual purpose pouches are extremely lightweight and made with simplicity and quality in mind. Many are backed by carbon fiber to add rigidity in the right areas without compromising weight and efficiency.

### MULTICALIBER COMBO MAG

MB-MCCP-MC/BK

The Multi-Caliber combo pouch combines the rifle and pistol pouches together.

COLORS: MC/BK

### TRIPLE MAG KANGAROO POUCH

P1519-MC/BK

The pouch is designed to hold 3 x 30 round 5.56mm magazines, side-by-side. Specifically designed to be mounted to MOLLE or worn on an operator's belt. Weight: 2.3 oz (59.5 grams)

COLORS: MC/BK

NSN: 8465-01-686-0356

### MULTICALIBER RIFLE MAG POUCH

MB-MCR-MC/BK

The Multi-Caliber Rifle Pouch is designed to accept any size magazine from one or two 5.56, one 7.62, or one .308. Lightweight, MATBOCK Tabs on back and integrated belt loop are just a few of the additional features that make this the most versatile rifle mag pouch.

COLORS: MC/BK

### DOUBLE STACK MAG POUCH

P1516-MC/BK

This pouch is designed to hold 2 x 30 round 5.56mm magazines. The magazines can be secured in place with the bungee retention lanyard. Weight: 0.8 oz

COLORS: MC/BK

### MULTICALIBER PISTOL MAG

MB-MCP-MC/BK

The Multi-Caliber Pistol Pouch is designed to accept any size magazine from from 9mm, 40 cal. to 45 cal. Lightweight, MATBOCK Tabs on back and integrated belt loop are just a few of the additional features that make this the most versatile pistol mag pouch.

COLORS: MC/BK

### SINGLE MAG POUCH

P1515-MC/BK

The pouch is designed to hold 1 x 30 round 5.56mm magazines. Weight: 0.2oz

COLORS: MC/BK

NSN: 8465-01-686-0371

### MULTIPURPOSE POUCH

P1520-MC/BK

The multipurpose pouch is designed to hold anything from detcord to NVGs. Specifically designed to be mounted to MOLLE or worn on an operator's belt. Weight: 2.3oz

**COLORS: MC/BK**

**NSN: 8465-01-686-0372**

### ADMIN POUCH

P1517-MC/BK

Gives you the ability to hold all of your administrative needs during critical missions.

**COLORS: MC/BK**

**NSN: 8465-01-686-0368**

### BACKDRAFT MEDPACK

P1514-MC/BK

The Backdraft mounts on the back of the plate carrier via MATBOCK Ghost Tabs and is split into 2 separate removable pouches that are held in place via Velcro. With a pull of the tab you can quickly remove a pouch from your back for immediate access to your medical gear without needing to remove your pack.

Dimensions: 10" x 4" x 3"

Weight: 8 oz

**COLORS: MC/BK**

### BACKDRAFT MEDPACK | LAW ENFORCEMENT

P1514-BK MOD

The law enforcement backdraft has two added features to meet the needs of law enforcement. The first is a loop velcro across the top of the bag to velcro on an identifier. The second is a hook and loop strap on top to hold a soft stretcher.

**COLORS: BK**

# BAGS

Operator requirements in a variety of scenarios are the forefront of the innovation applied to our line of bags. From medical rescue to jump packs, you will see why these series of MATBOCK products are our best sellers.

## CABLE MANAGEMENT BOX

**MB-CAB-MC/BK**

The cable management box is designed to keep communications gear, cables and other accessories systematically organized and accessible until needed. This semi-rigid bag with internal adjustable stowage loops keep gear protected and well organized. The bag can unfold completely flat to give full access to all equipment without needing to dig through the pack. Weight: 1.4lbs  
Size: 20"x10"x5"

**COLORS: MC/BK**

## HIVE COMMUNICATION BAG

**MB-HIVE-MC/BK**

Lightweight communication pack for PRC-152, VDL, SADL and HHL-16 communications equipment. This pack is designed to hold a radio, hub, battery gear and all cables for effective communications during military operations. The pack is water resistant and transfers the heat of the radios for more effective cooling. The HIVE also contains 12 water-seal ports for communication wires and antennas.

**COLORS: MC/BK**

## ONE DAY ASSAULT

**P1550-MC/BK**

The main pouch is designed to hold a PRC-117G radio and has a small admin pouch. The top of the main pouch features two ports with a waterproof seal for cables or antennas, that can be closed when not in use. The shoulder yoke system is adjustable to accommodate different sized operators. Side pouches are large enough to hold a standard Nalgene water bottle and compression straps and bungee closures at the top. The upper pouch contains a secondary bag stored inside that can be deployed to double its capacity. This secondary pouch can also be unzipped and used separately from the main bag.

Capacity: 18L

**COLORS: MC/BK**

## KIBISIS 2 DAY ASSAULT BAG NEW 2022\*

**MB-2DAY-MC/BK**

The Kibisis is named after the bag that Perseus carried Medusa's head in. Modeled after the One Day Assault this bag adds five liters in capacity. Another improvement is a large deep pouch capable of holding a fully loaded helmet. The upper pouch holds a small pack that can be deployed and secured to the bottom of the bag with fastex. This pack also has a shoulder strap and when unzipped from the main bag can be used as a standalone pack when needed. Capacity: 23L

**COLORS: MC/BK**

## SCEPTER HEAVY JUMP PACK

**MB-JAPH-MC/BK**

This jumpable pack was designed from the original scepter but required to hold more gear and a variety of weapons to include the HK416, MK46, MK48, and LAW rocket. The Scepter Jump Heavy Assault Pack is specifically reinforced and designed for jump operations. All strapping is either continuous or connected in the backing of the pack to include the two connection loops meant for attachment to the parachute itself via release lines. Additionally, the system has a 1-pull release for a primary weapon system. The pack also allows integration with the S&S Precision jump board across the back via webbing and Velcro. \* Bag only does not include rifle and accessories.

**COLORS: MC/BK**

**NSN: 6530-01-680-8619**

# KIBISIS 2 DAY ASSAULT BAG

## SCEPTER JUMP ASSAULT PACK

**MB-JAP-MC/BK**

A variant of the 1-Day Assault Pack, the Scepter Jump Assault Pack is specifically reinforced and designed for jump operations. All strapping is either continuous or connected in the backing of the pack to include the two connection loops meant for attachment to the parachute itself via release lines. Additionally, the system has a 1-pull release for a primary weapon system. The pack also allows integration with the S&S Precision jump board across the back via webbing and Velcro.

**COLORS: MC/BK**  
**NSN: 8465-01-683-9569**

## MOUNTAIN RESCUE

**MB-RESCUE-MC/BK**

Lightweight backpack for carrying essential rescue equipment (equipment and rope not included). Two pouches for 150 ft (47M) of rope that are completely separate from bag for rope control. Two edge protectors included. The removable yoke system can be paired with load-rated belt to create sit harness or chest harness. Yoke reinforced with 3,000 lbs tubular nylon and load rated buckles.

**COLORS: MC/BK**  
**NSN: 6530-01-680-8619**

## SHOOTERS REST BAG

**MB-SREST-MC/BK**

This multi-purpose bag was designed to provide a stable shooting platform for helicopter operations but also serves as the perfect range bag. On the outside of the bag there are five multi-caliber magazine pouches and two dump pouches on both ends for empty magazines. The height of the bag can easily be adjusted by simply unzipping the outer zipper to allow more room for storage and stuffing to get a stable shooting platform.

Weight: 2lbs

**COLORS: MC/BK**

## EMERGENCY MEDICAL AVIATOR BAG

**MB-EMAB-MC/BK**

The Emergency Medical Aviator Bag (EMAB) was developed in coordination with the aviation community to meet specific operational requirements. Utilizing Ghost material, the lightweight bag protects the contents from aircraft fluid damage.

**COLORS: MC/BK**

# MARITIME GEAR

MATBOCK has always had a strong presence in waterproof gear. We have always taken into account the need for the maritime operator to remain lightweight, efficient and ready for battle.

**RAIDER FRONT POUCH**

### RAIDER FRONT POUCH NEW 2022\*

MB-OTBF-MC

Designed to simplify over the beach (OTB) and maritime operations, this pouch is a waterproof version of the front of your plate carrier that easily attaches to any plate carrier. Once unzipped you will have access to your magazines and gear without having to deal with sand and water. This pouch can also take the place of a bulky waterproof pack.

SIZE: 12"x10"x2"  
WEIGHT: 13 OUNCES  
2x MOLLE TABS AND ZIPPER PANEL

COLORS: MC

### RAIDER SIDE POUCH NEW 2022\*

MB-OTBP-MC

The side pouch was designed to MOLLE onto your cumberbund for quick access to gear and equipment that is sensitive to water and sand. This pouch size is perfect for NVGs, grenades, breach charges and ammunition.

SIZE: 6"x6"x4.5"  
WEIGHT: 4.8 OUNCES  
4x MOLLE TABS

COLORS: MC

### RAIDER BACK POUCH NEW 2022\*

MB-OTBR-MC

This pouch MOLLEs onto the back of any plate carrier offering the ability to waterproof any extra gear or equipment you might need for your operation. It can also mount to the GRAM insert and be worn as a removable pack.

SIZE: 12"x11.5"x2"  
WEIGHT: 13 OUNCES  
4x MOLLE TABS AND ZIPPER PANEL

COLORS: MC

### RAIDER RIFLE BAG NEW 2022\*

MB-OTBRB-MC

Our rifle bag was designed to carry a variety of weapons during OTB and maritime operations. The lightweight and waterproof material can easily be folded and stowed in your cargo pocket when not in use.

SIZE: 35"L x 14.5"W x 3"H  
WEIGHT: 9 ounces

## GRAVEROBBER ASSAULT WATERPROOF

### MB-GRAW-MC

Modeled off of the extremely successful and functional Graverobber Assault Medic bag. Medical supplies is not something you want to risk getting wet, especially during waterborne operations. The pack is diveable to 150ft and is reinforced for jumping operations. This bag also includes 2x sustainment pouches and 1x sustainment panels.

## BENCH LADDER STRETCHER | BLS

### MB-BLS

The Bench Ladder Stretcher (BLS) designed for Wing and Zodiac inflatable boats. The BLS is sold as a pair (bottom and upper sections) and designed to deploy as a unit. For the inflatables, it sits across the side tubes and can be secured to the floor allowing operators to sit facing forward during movement. When reaching the landing site or ship to be boarded, the sections can be attached together to create a 12 ft ladder with integrated shepherds hooks and offset ladder rungs. In the case of a casualty the ladder can be separated and used as a stretcher.

## GRAVEROBBER HIPSTER WATERPROOF

### MB-HIPW-MC

Modeled after the Hipster but in a waterproof design that is diveable to 150ft. Featuring adjustable spacers to keep your medical gear organized.

## MR DRY BAG 2.0 SMALL

MRDRY-S-BK/MC/WG

Whether you're conducting water or land operations, the MR. Dry 2.0 is the perfect solution. Able to utilize an external frame system and any internal pack; the MR. Dry 2.0 turns your standard backpack into a waterproof pack with minimal weight and instant access to your entire loadout. This design also means no more cacheing your dry bag or stuffing it back inside your pack.

Small: 3400 cu in, 55 L. Sized for 3-day packs.

NSN: 8465-01-672-4063

## MR DRY BAG 2.0 MEDIUM

MRDRY-S-BK/MC/WG

Medium: 4700 cu in, 78 L. Sized for 5-day packs.

## MR DRY BAG 2.0 LARGE

MRDRY-S-BK/MC/GR

Large: 7450 cu in, 122 L. Sized for expedition style large packs.

# TACTICAL BELTS

## SOTERIA BELT

**MB-SOT-(MC/BK/CY)/(S/M/L/XL)**

The ultimate operators belt has arrived. The Soteria belt gives the operator total kit flexibility for any kind of operation on land, air and sea. It features an over-belt design with a removable stiffened MOLLE cage allowing you to change out your kit in 30 seconds and ready for the next environment. The belt also features MATBOCK's Ghost material underbelt for comfort. When coupled with the Soteria Leg Loops and Lanyard, the belt is hoist ready. Sold in XL, L, M and S. Soteria Full Belt Kit includes leg loops.

**SOTERIA BELT / MB-SOT-(MC/BK/CY)**

**SOTERIA FULL BELT KIT (W/ LEG LOOPS)  
/ MB-SOTK-(MC/BK/CY)**

## SOTERIA CAGE

**MB-CAGE**

The next level of belt kit innovation. The Soteria cage is a hardened MOLLE cage adapter that attaches to the Soteria Belt, allowing the operator to customize multiple cages enabling them to quickly change to a different operational requirement. When the situation changes, simply slide that cage off the belt and replace it with a new cage containing the proper gear needed.

## SOTERIA LANYARD STATIC

**MB-SSL-BK**

The Soteria Static Lanyard is resistant to corrosion from sun and salt water as well as cuts and abrasions. Made with Sentry webbing and Kevlar thread. Drop tested and certified to withstand a 3,600 lb dynamic load.

Static Lanyard length: 30.5"  
weight: 10 oz

## HAALO BELT

**MB-HAALO-(MC/BK/CY)**

Helicopter/Air/Assault/Lanyard/Operations HAALO Belt is an over-belt design with a stiffened removable MOLLE cage for attaching gear. It features a 20" static lanyard that retracts into the belt keeping it out of the way but accessible during operations. The lanyard is made of Sentry environmental and cut resistant webbing, rated for a dynamic 3600 lb load. The inner belt is made from MATBOCK's Ghost material for superior strength and comfort. The end of the lanyard is equipped with a 2 stage carabiner for secure attachment.

**HAALO BELT:**

**FULL KIT (MB-HAALOK-(MC/BK/CY):**

## HAALO/SOTERIA BELT LEG LOOPS

**MB-SLL-MC**

When you need a full sit harness capability, the HAALO/SOTERIA leg loops can easily be pulled out of a pouch or cargo pocket and quickly attached to any load rated belt. This modular system means no longer wearing a full sit harness hours at a time.

Weight: 10.4 oz

# MATBOCK SKINS

The Patent Pending MATBOCK Skins are multi-layer adhesive/fabric laminate, designed to give the user the ability to camouflage any surface desired. The Skins are waterproof and oil resistant, can be reused multiple times and are certified Near IR Compliant. These Skins are designed and laser cut specifically for the following gear.

# ACCESSORIES

## ACQUIRE READ DEPLOY | ARD

### MB-ARD

The Acquire Read Deploy (ARD) is a compact weapon sight for 40mm weapon systems and the Carl Gustaf Recoilless Rifle. It calculates the round used, reads the angle of the weapon, displays the range the projectile will hit and records your last three shots. It uses a CR123 lithium ion battery and attaches via a Picatinny Rail.

NSN: 1240-01-690-4551

## MULTIPLE WEAPON AIMING DEVICE | MWAD

### MB-MWAD

The MATBOCK MWAD is a multi platform capable ballistic computer that provides the user the ballistic solution for Indirect Fire Weapons Systems. The MWAD provides real time information as well as full integration with a TAK plugin. When enabled, the TAK plugin will provide accurate wind data (when integrated with a Kestrel 5500 wind meter), Indirect Fire Targeting, and the ability to adjust menu functionality on an end user device (EUD). The system is compatible with 40mm, 60mm, 50cal, and various other Crew Served Weapon platforms.

**\*\*AVAILABLE SUMMER 2022\*\***

## STRAP CLAWS

### MB-CLAW

The Strap Claw attaches to MOLLE on the front of the plate carrier and holds the backpack straps for the operator without the need for a chest strap. This gives the operator the ability to shoot from the shoulder without having ruck shoulder straps in the way. It also allows for a speedy removal of the pack with a quick flick of the wrist. Each set of 2 comes as Black with MultiCam skins.

## SKEETER PATCH KIT

### MB-SKEETER-USA/DOTS

The skeeter patch kit creates a bubble of protection against mosquitos, ticks and chiggers. The inside of each patch contains a super absorbent anti-microbial lining for deet or any other anti-bug spray. The absorbent liner will hold the bug spray for hours to prevent insects from bothering you while keeping harmful chemicals off your body.

## TREE GO IZLID ULTRA MOLLE/VELCRO

### MB-IZLIDULTRA-MC/BK

Specifically designed by JTACs to carry the IZLID ULTRA laser designator when not attached to a weapon. Simple, lightweight design ensures your IZLID remains securely stowed when not in use. The pouch can be attached via MOLLE or Velcro.

COLORS: MC/BK

# TRAVEL LINE

## MATBOCK CFA DUFFLE NEW 2022\*

MB-CFAD-OD/MC/BK

Made with our ghost heavy material it is truly ripstop and puncture resistant that is able to carry a multitude of gear.

Weight: 1.9 lbs  
Dimensions: 39L

COLORS: OD GREEN

## TOILETRY BAG

MB-TOILETRY

Made of Ghost Heavy Material, the toiletry bag is light, strong and won't absorb anything. No bacteria, no exploded 5-in-1 shampoo, carwash, dishwasher, laundry, face wash or toothpaste bottles, or anything else you keep in your toiletry bag. Waterproof and odor-proof material.

Dimensions: 8" x 4" x 4"  
Weight: 1 oz

COLORS: OD GREEN

## SNEAKER BAG

MB-SNEAKER

Running shoes and hiking boots smell bad. This bag keeps the smell, mud, and dirt from contaminating the rest of your luggage. Large enough for big feet and midsize hiking boots but small when not in use. Waterproof and odor-proof material.

Dimensions: 15" x 8" x 4"  
Weight: 1.5 oz

COLORS: OD GREEN

## WORKOUT BAG

MB-WORKOUT

Workout clothes smell bad, especially after being in your luggage for a few days. This bag is designed to keep your dirty and smelly clothes separate from your clean clothes. Easily fits 2 sets of shorts, shirts and socks with room to spare and packs up small and light when not in use.

Dimensions: 13.5" x 10.5" x 3.5"  
Weight: 1 oz

COLORS: OD GREEN

## COSMETIC BAG

MB-COSMETIC

The cosmetic bag is the perfect solution. It contains everything in one simple (but large) bag that is easy to clean, doesn't absorb or facilitate bacterial growth and is made strong and tough just like you. Waterproof and odor proof material. Water resistant zipper. Kevlar Stitching.

Dimensions: 9.5" x 8" x 2.5"  
Weight: 1 oz

COLORS: OD GREEN

## ALL PURPOSE BAG

MB-LAUNDRY

Who doesn't need a durable, lightweight, watertight bag to hold dirty laundry, groceries, beach supplies, ski boots or anything else your adventures might require. Packs up super small and holds everything you need. Waterproof and odor-proof material.

Dimensions: 15" x 15" x 8.5"

COLORS: OD GREEN

## TRAVEL KIT

MB-TRAVEL-K

KIT INCLUDES:

- TOILETRY
- SNEAKER
- WORKOUT
- COSMETIC
- ALL PURPOSE

# K-9 GEAR

We are passionate about all warriors, humans and our beloved K-9s. With the needs of handlers and the safety of our fur missiles in mind, we launched the MATBOCK K-9 line.

## DOG LIFT

### MB-DLIFT-OD

This dog stretcher allows for quick K9 evacuation with the ability to sling over your shoulder or hoist. Decontamination ready. Comes with MultiCam pouch with belt loops.

**COLORS: OD GREEN**

## KODIAK RELEASABLE DOG LEASH

### MB-DLEASH-MC

A 43" dog leash made from MILSPEC MultiCam webbing and stitched with KEVLAR thread to maximize durability and resist salt water & sun corrosion. The KRDL leash has an ergonomically designed quick release buckle which allows the handler to release the dog from the end of the leash vice unclipping the leash at the collar. The leash features a quick disconnect that can be girth hitched to your belt. It also comes with a standard clasp for securing your dog when a release is not required. The KRDL leash also doubles as a sling to be used with the MATBOCK Dog Litter allowing the handler to carry out an injured dog or even the added ability to hoist.
